

On Friday 7th February, we will be taking part in NSPCC Number Day which is a maths fundraising event. This will be a non-uniform day where children can either wear clothing which has a number on (ie a football top etc) or just come to

school in non-uniform in exchange for a £1 donation. The money raised will help the NSPCC run it's "Speak out Stay safe" programme.

PARENTS EVENINGS

Years Reception - Year 6 Parents evenings are taking place on **Tuesday 11th February** and **Thursday 13th February** (3.30 pm - 6 pm). Parents should have received a text message earlier this week with a link which takes you to the booking webpage. The link will be text out again over the weekend. You don't need to download an app.

To login you will need to enter your name and your child's name. The login details you enter must match those we have on record for you. After you have made your appointments you can choose to print or e-mail confirmation. The email address field on the login page is only used to send your appointment confirmation. If you have problems logging in, it will not be because of the e-mail address you entered.

Full booking instructions can be found here:- <https://tinyurl.com/ycyya6ut>

If you cannot login please contact the school office.

Our breakfast club is open from **7.40 am** until 8.30 am each day (this is the time that children can walk into learning). The cost is £2.00 per session, per child which includes a structured play session, learning experiences and a choice of breakfast. Members of staff are on hand for the duration

of the session. Breakfast club sessions need to be booked and paid for via our online payments system (Schoolcomms Gateway). Instructions on how to book and pay for breakfast club online can be found here: <https://tinyurl.com/yckp5nhn>

Please note the latest time for children to be brought in to breakfast club is 8.20 am.

WHAT HAVE WE BEEN UP TO...

VIRTUAL VISITORS!

Our Year 3 children have been investigating the wonders of the world! Remarkable rainforests and ruins, cool canyons and marvellous mountains - all without leaving the comfort of our school and made possible with the wonders of virtual reality!

As part of the computing curriculum, all children in school take part in an immersive curriculum experience day, delivered by Engagedu, a learning technology team, and Year 3 were the first year group in school to test out the amazing Meta Quest 2 virtual headsets!

As you can see, they all had a fantastic time and we are very relieved that they all returned safely!

Y4 ROBINS BRASS CONCERT

We are so proud of Y4 Badgers after their amazing trumpet concert this week. The children have a weekly lesson with musicians from Wolverhampton Music School, which they thoroughly enjoy! Thank you to all parents who attended for your continued support. We can't wait to have you back in for the second concert in Summer. We look forward to Y4 Foxes concert, which is happening on Wednesday 5th February at 2.30 pm.

PCSO VISIT - Y5

On Thursday afternoon, Year 5 had a visit from the Police Community Support Officer. She came to speak with the children about the dangers and benefits of social media and technology. The children represented the school brilliantly by sharing their knowledge confidently while they also learnt lots during the workshop.

IMPORTANT DATES

Tuesday 11th and Thursday 13th February - Parents evenings (Yrs Rec-6)

Friday 14th February - Children break up for half term

Monday 24th February - School Closed for staff training

Tuesday 25th February - Children return to school

TAKEHOME

27th January
- 2nd February

**Who should be involved
in key decisions for
the world?**

In the news this week

New data has shown that 2024 was the Earth's hottest year on record, warming by 1.5°C. Around 200 countries had agreed to help keep the temperature rise below this figure because scientists say that increases could cause more extreme weather. This includes events such as heatwaves, storms, and wildfires.

Things to talk about at home ...

- > Share what you know about climate change with others at home, and ask others to share their understanding.
- > Do you think more could and should be done to tackle climate change? If so, what and by whom?
