

# SPRING VALE PRIMARY

TOGETHER EVERYONE ACHIEVING MORE

## SOCIAL DISTANCING

Myself and Miss Manning, Deputy Head, have tried hard to spend as much time outside as possible at the starts and end of days. Your co-operation as parents and adults has been fantastic. We meet as a leadership team for a daily review. The most difficult time of the school day to manage is the end of the day. We have enquired about widening paths and changing some of the fencing. However, I am sure you understand this is not a quick fix and has huge cost implications. In the first instance, if parents and carers, other adults who are collecting children and your children once they have been collected wish to wear a mask at the end of the day it may help to alleviate close contact, which at times is very hard to avoid.

## LEARNING AND THE CLASSROOM

Learning started the moment your children entered their classroom last Thursday. All children have made rapid progress. Lessons for the children are of the same quality and calibre as they were before lockdown. Of course there is subtle changes to layouts but we are very pleased with the work children are producing. Thank you for your continued support.

## READING BOOKS/HOME ACTIVITIES/BIRTHDAY TREATS ETC

Our policy still remains we are limited the amount of items we have in from home and that we send out with the children. Our first priority is to complete ongoing risk assessments about reading books coming home. In the meantime, please continue to hear your children read with any age appropriate material you may have at home. Reading remains at the heart of our curriculum, as always.

## BREAKFAST AND AFTER SCHOOL CLUBS

Breakfast club successfully reopened on Monday. Children sat in their year group bubbles with their own activity packs and games and eat snacks within this bubble. The price remains at £2.00 per child, per session and the times we operate are: drop off between 7.45 am and 8.15 am.

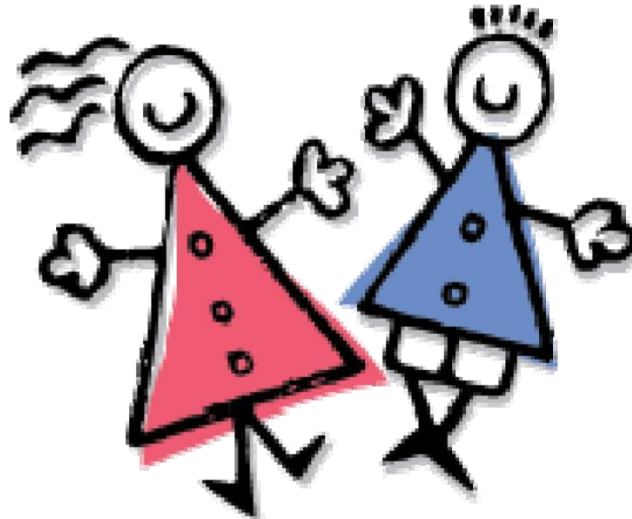

Our after school childcare provision which is run by a private company called ACES, reopens this coming Monday 14<sup>th</sup> September. Children must be registered with ACES in order to attend. Registration forms can be found on the school website and paper copies by the main school reception. It is our understanding that ACES will not accept children unless you have completed a new registration form. All enquiries can be dealt with by calling Linda on 07712 165287. Initially, children must be booked in every day using this number, ideally before 1 pm.
